EXPERTS IN LOAD HANDLING FOR
CLEAN ROOMS

EXPERTS EN MANUTENTION DE
CHARGES DANS LES SALLES BLANCHES

EXPERTOS EN MANIPULACIÓN DE
CARGAS EN SALAS LIMPIAS

EXPERTEN FÜR DIE HANDHABUNG
VON LASTEN IN REINRÄUMEN

Inoxtruck **designs and manufactures** material handling equipment for **clean rooms**. We supply innovative solutions for the food industry as well as the **pharmaceutical, medical, microelectronics and aeronautic clean rooms**.

Inoxtruck produces material handling equipment following the guidelines of **hygienic designs** that are required by the Good Manufacturing Practices (GMP) for the processing and packaging lines.

Inoxtruck **conçoit et fabrique** des équipements hygiénisables pour le transport et la manutention de charges dans les **salles blanches de production**. Nous offrons des solutions innovantes pour le secteur agroalimentaire et les **laboratoires** dans des industries aussi diverses que la **pharmacie, la biomédecine, la microélectronique et l'aéronautique**.

Inoxtruck a intégré dans sa production de matériels de manutention les principes de **conception hygiénique** si présents dans les bonnes pratiques de Fabrication (BPF/GMP) des machines de production ou d'emballage des produits final.

Inoxtruck **diseña y fabrica** equipos higienizables de transporte y manipulación de cargas en **salas blancas de producción**. Ofrece soluciones innovadoras para el sector agroalimentario y los **laboratorios** de industrias tan diversas como la **farmacéutica, biomédica, microelectrónica o aeronáutica**.

Inoxtruck ha trasladado a los equipos de manutención los conceptos del **diseño higienizable** tan extendidos en las buenas prácticas de Fabricación (GMP) de las máquinas de procesado o envasado del producto final.

Inoxtruck **entwirft und fertigt** hygienisierbare Geräte für den Transport und das Handling von Lasten in **Produktionsreinhäusern**. Das Unternehmen bietet innovative Lösungen für den Agrar- und Lebensmittelsektor sowie für **Labors** in so unterschiedlichen Branchen wie **Pharmazeutik, Biomedizin, Mikroelektronik und Luftfahrt**.

Inoxtruck hat die in den Good Manufacturing Practices (GMP) der Verarbeitungs- oder Verpackungsmaschinen des Endprodukts so weit verbreiteten Konzepte des sanitisierbaren Designs auf die Handhabungsgeräte übertragen.

FÁCIL DE LIMPIAR

Sin cadenas de elevación
Sin puntos de engrase
Baterías de última generación
· Gel/Litio
· Sin emisiones
· 100% inoxidable
Siguiendo normas ISO y GMP
Componentes electrónicos con protección IP65

DISEÑO ERGONÓMICO/SEGURO

· Ligero y manejable

ATEX, protección contra atmosferas explosivas

· Solución neumática

MÍNIMO MANTENIMIENTO

SILENCIOSOS

ESTRUCTURAS COMPACTAS Y DURADERAS

ACABADOS

· Electropulido
· Microesfera de vidrio

CALIDAD INOX

· 304L/316L

EINFACHE REINIGUNG

Ohne Hubketten
Keine Schmiernippel
Neuste Batterietechnologie
· Gel/Lithiumbatterie
· Emissionfrei
· 100% stainless steel
Hergestellt Gemäss ISO-und GMP-Standards
Elektronische komponenten mit IP65

ERGONOMISCHES DESIGN/ SICHER

· Leicht und einfach zu bedienen

EX-PROOF, geschützt für explosive Umgebungen

· Pneumatische Lösung

GERINGER WARTUNGSAUFWAND

LEISE

KOMPAKTE UND LANGLEBIGE KONSTRUKTION

OBERFLÄCHEN

· Elektropolierte Oberflächen
· Glas-Mikrokugel

EDELSTAHLQUALITÄT

· 304L/316L

EASY CLEAN

Without lifting chains
Without lubrication points
Cutting edges batteries
· Gel/lithium batteries
· Without emissions
· 100% stainless steel
Following ISO and GMP standards
Electronic components with IP 65 protection

ERGONOMIC/SAFE DESIGN

· Light and easy to handle

EX-PROOF, protection against explosive atmospheres

· Pneumatic solution

MINIMUM MAINTENANCE

QUIET

COMPACT AND DURABLE STRUCTURES

FINISH

· Electropolished finish
· Glass bead

STAINLESS STEEL QUALITY

· 304L/316L

NETTOYAGE FACILE

Sans chaînes de levage
Sans graisseurs
Batteries de dernière génération
· Batterie Gel/Lithium
· Sans émissions
· 100% inoxydable
Suivant les normes ISO et GMP
Protection IP65 pour les composants électriques

CONCEPTION ERGONOMIQUE/SÉCURITAIRE

· Léger et facile à manipuler

EX-PROOF, Protection contre les atmosphères explosives

· Solution pneumatique

ENTRETIEN MINIMUM

SILENCIEUX

STRUCTURES COMPACTS ET DURABLES

FINITION

· Finition électropolie
· Microsphère en verre

QUALITÉ

· Inox 304L/316L
